"Rich folks rides in Chaises, Poor folks walks to places." The foregoing is another of those old saws that have played out. At the prices now ruling on both horses and carriages the rich and the poor, the high and the low can ride. One has only to be judicious and careful as to Quality and he can well afford to buy a buggy in this good year of 1896. If you want THE BEST we have it. If you want the cheapest we have that. In both cases you get the best for your money. If you want a narrow dudish affair that will bring you and your best girl in closer relations we can sell you one. If you are the father of a family and want a carriage that packs four times we have that. You are sure to find what you want in our repository and at prices you can afford to pay. Come and let us show you through our stock. FORBES & BRO. 10th and Main Sts.
